

that Oxted Tennis Club is well over 100 years oldit has been established since (at least) 1885 – if you look (*very*) closely, you can see there are 2 tennis courts to the left of the hut!

This was in the days when Master Park was known as “The Rec” and it wasn’t until 1923 that Mr Charles Hoskins Master gifted this piece of land to the community.

How very cool that we are still going and are a vibrant and dynamic club, welcoming members from the community.
